FUDS MANAGEMENT

Assessment and Problem Solving for Formerly Used Defense Sites

J. M. Waller Associates, Inc. (JMWA[®]) is a Service Disabled Veteran Owned Small Business (SDVOSB) specializing in a wide variety of environmental consulting and management solutions. Experienced in providing services required to support the Formerly Used Defense Sites (FUDS) program, JMWA's vision is to be your service provider of choice. With a staff of scientists, engineers, planners and GIS professionals, We are prepared to help you execute, manage, review, draft, plan, and analyze the full breadth of environmental responsibilities in the FUDS program. Our FUDS consulting and management services can help reduce execution costs to maintain budgets and offer the best analysis support for decision making.

JMWA FUDS SUPPORT INCLUDES:

National Environmental Policy Act (NEPA)

- » Assessment of non-CERCLA FUDS actions such as Building Demolition Debris Removal (BD/DR) and Containerized Hazardous, Toxic, and Radioactive Waste (CON/HTRW) projects where appropriate

Records Management and Database Development

- » Administrative Record Maintenance including off-site information repositories as well as project specific Web sites where needed
- » FUDS Information Improvement Plan (FIIP) Program implementation and maintenance to include periodic document preparation and archiving

Document Development

- » Action memos
- » Declaration statements
- » Drafting originals
- » Engineering evaluation cost analysis
- » Independent review and Analysis of existing documents
- » Inventory project report used to determine fuds eligibility
- » Land use control implementation plans
- » Natural resource damage assessments
- » Potentially responsible party analysis
- » Preliminary assessment to determine the likelihood of a release
- » Programmatic agreements – write or review for cultural resource management by site or by program
- » Public involvement plans (formerly the community relations plan)
- » Records of decision
- » Remedial investigations
- » Removal action approval memoranda
- » Site investigations
- » Statewide management action plans - drafting and maintenance

On-site Project Management and Training

- » Cost to complete development or review and update using racer
- » FUDS 101 (ER 200-3-1)
- » Instruction for new program managers
- » Partnering facilitation
- » Professional services support including employee outsourcing
- » Project management plans, site management plans and site strategy development
- » The CERCLA process, (Both HTRW and Military Munitions Response Program - Removal and Remedial Response Actions)

On-site Program Management and Center of Expertise Support

- » Centralized special program execution such as FIIP follow on work or MMRP close out documentation, training development etc.
- » Professional outsourcing for temporary requirements

For our successful efforts, JMWA has received numerous national awards, including:

- 2010 District of Columbia Small Business Person of the Year Award
- 2010 Society for Marketing Professional Services National Marketing Communications Award: Newsletter Internal
