J. M. Waller Associates, Inc. (JMWA®) is a Service Disabled Veteran Owned Small Business (SDVOSB) providing communication, timelines, budget, quality deliverables and follow-through across the environmental and facilities fields.

With our origins in environmental engineering, management and consultation, our environmental team represents some of the finest talent in the industry. Having built our reputation on successful government contracting, we ensure that timelines are met and task orders are completed at the highest professional quality and within budget.

Since 1993, JMWA has successfully executed more than 1700 Task Orders on 130 major federal contracts valued at over \$300 million. With a thorough understanding of compliance, restoration, prevention and conservation, our services address all activities that ensure current operations meet federal, state, local and applicable host nation environmental requirements.
