**Air Force Center for Engineering and the Environment  
Architect-Engineer (A-E) Services for Worldwide  
Environmental & Facilities Programs**

With more than 17 years of DoD contract procurement experience at all departmental, major command and installation levels worldwide, J. M. Waller Associates, Inc. (JMWA®) has a proven track record of quality service.

Our combined expertise represents decades of professional experience providing A-E support to the Air Force and DoD. Our professional team of program and project managers and executive officers, many with U. S. Air Force backgrounds, are highly-experienced environmental and facility professionals.

Since 1993, JMWA has successfully executed more than 1700 Task Orders on 130 major federal contracts valued at over \$300 million. We integrate highly-specialized skills and experience to provide best practice/best value solutions for all environmental and facility projects.
