A Multiple Award Winning Service Disabled Veteran Owned Business

CONSTRUCTION MANAGEMENT SERVICES

J. M. Waller Associates, Inc. (JMWA®) provides comprehensive Construction Management (CM) Services for federal and Department of Defense (DoD) agencies under various prime contract and subcontract vehicles to include Indefinite Delivery Indefinite Quantity (IDIQ) contracts, GSA Schedules (such as Professional Engineering Services), and Blanket Purchase Agreements (BPAs). These include roughly 28 contract vehicles valued at \$3.3 billion.

JMWA has successfully completed more than 2000 diverse task orders at more than 2200 project locations in all 50 states, most U.S. territories and 35 foreign countries.

Full-Range Construction Management Services Support

JMWA provides a full-range of CM services including the standard major disciplines to include architectural, civil, structural, HVAC, plumbing, electrical, fire alarm and elevator. Additional project characteristics include concerns for historic, physical security and energy management. JMWA provides the following CM services:

- » Claims Analysis
- » Commissioning Services
- » Construction Document Reviews
- » Construction Phasing Analysis
- » Cost Engineering/Analysis/Control
- » Cost Estimating
- » Engineering During Construction
- » Expert Testimony
- » Inspection
- » Payment Analysis
- » Photo Documentation
- » Planning/Programming/Design
- » Post Construction Services
- » Project Procurement Phase Services
- » Proposal Analysis
- » Quality Assurance/Quality Control
- » Scheduling
- » Submittal Reviews & Coordination
- » Testing and Test Analysis
- » Value Engineering
