PASS

Professional and Administrative Support Services (PASS)
U.S. Air National Guard
U.S. Army National Guard

Quality and efficiency are intrinsic to our service delivery, from beginning to end.

Quality control and quality assurance programs within J. M. Waller Associates, Inc. (JMWA®) play integral roles in our processes. JMWA operates on the premise that the search for excellence fosters continuous improvement.

JMWA brings this practice to the PASS job site in many forms: program and project managers, engineers, architects, planners, environmental professionals, construction quality assurance professionals, real property managers, energy conservation managers, project analysts, GIS/CADD technicians, cartographers, graphic artists, surveyors, inspectors and engineering technicians.

Driven by the opportunity to enhance mission capabilities throughout the Army/Air National Guard, we blend extensive IDIQ experience with integrated engineering and environmental skills for long-term support for all PASS endeavors.
