WORLDWIDE AIR FORCE SUPPORT

J. M. Waller Associates, Inc. (JMWA®) stands ready to provide consultants skilled in worldwide contracting with the U.S. Air Force. Together, we make a winning combination for your mission-critical programs and projects.

As a leading consulting and management firm, we contract mainly with the DoD, providing services in all 50 states, most U.S. territories and overseas. Additionally, we are a Service Disabled Veteran Owned Small Business (SDVOSB) with a disciplined and successful approach to providing contract services.

Many among our ranks are seasoned professionals, with skills honed while on active duty with the U.S. Air Force. Our services stem from three core business lines—environmental, facilities and logistics—through which our clients receive the latest in best management practices and technical support.

Clients benefit immensely from our successful experience with the DoD. We understand your language and process. We abide by time and budget objectives and comprehend the ultimate importance of understanding what needs to be done and executing it correctly to meet client goals.

Past U.S. Air Force Clients - CONUS & OCONUS

- » Air Force Secretariat
 - » Air Force Center for Engineering and the Environment
 - » Air Force Real Property Agency

 - » Air Force District of Washington
 - » 134 Air Force Installations, Plants and Depots
-

"We have been supported by JMWA through various contracts during the last few years. The work done by the personnel of JMWA consistently exceeds expectations. Overall, JMWA has been a responsive partner that has a tremendous value for the professional services provided... JMWA is a winning combination that I am grateful to include in my team."

Brian T. Akimoto, P.E. | Chief, Engineering Flight | 15th CES, Hickam AFB, HI
